## Acknowledgement of Applicant

- 1.0 I understand that construction of certain major projects require that I obtain a King County building permit, and may even require a permit from the City of Auburn. Approval of a project by the ACC does not affect, or alter, that requirement.
- 2.0 I understand that no construction activity shall take place prior to approval of the plans by the ACC. The ACC will require a minimum of five (5) days and a maximum of thirty (30) days to complete their review of the project. If alterations are made from the approved plans, I may be required to return the property to its former condition at my expense; and, I may be required to pay all legal expenses incurred if legal action becomes necessary.
- 3.0 I understand that members of the ACC are permitted to enter on my property to make reasonable inspection of proposed construction locations.
- 4.0 It is understood that I am aware that the Covenants, Controls & Restrictions, as well as the Woodbrook HOA Rules & Regulations, will be the basis for the review process by the ACC.
- 5.0 The alteration authority granted by this application will be revoked automatically if the alteration requested has not commenced within one year of the approval date of this application and/or has not been completed within 90 days of commencement of the project.
- 6.0 I understand that any approval is contingent upon construction or alterations being completed in a workman-like manner as per plans submitted.
- 7.0 I understand that if I disagree with the ACC ruling, an appeals procedure is provided directly through the Board of Directors.
